# Welcome To Vineyard. Life, Your Way.

Much like the characterization of our name, Vineyard offers deep-rooted values within a vibrant framework of living better and longer, together. One where family and friendship grow alongside residents that keep getting better with age, and where, like a true vineyard, seasonality is celebrated and cultivated to continually yield the most fruitful outcomes.

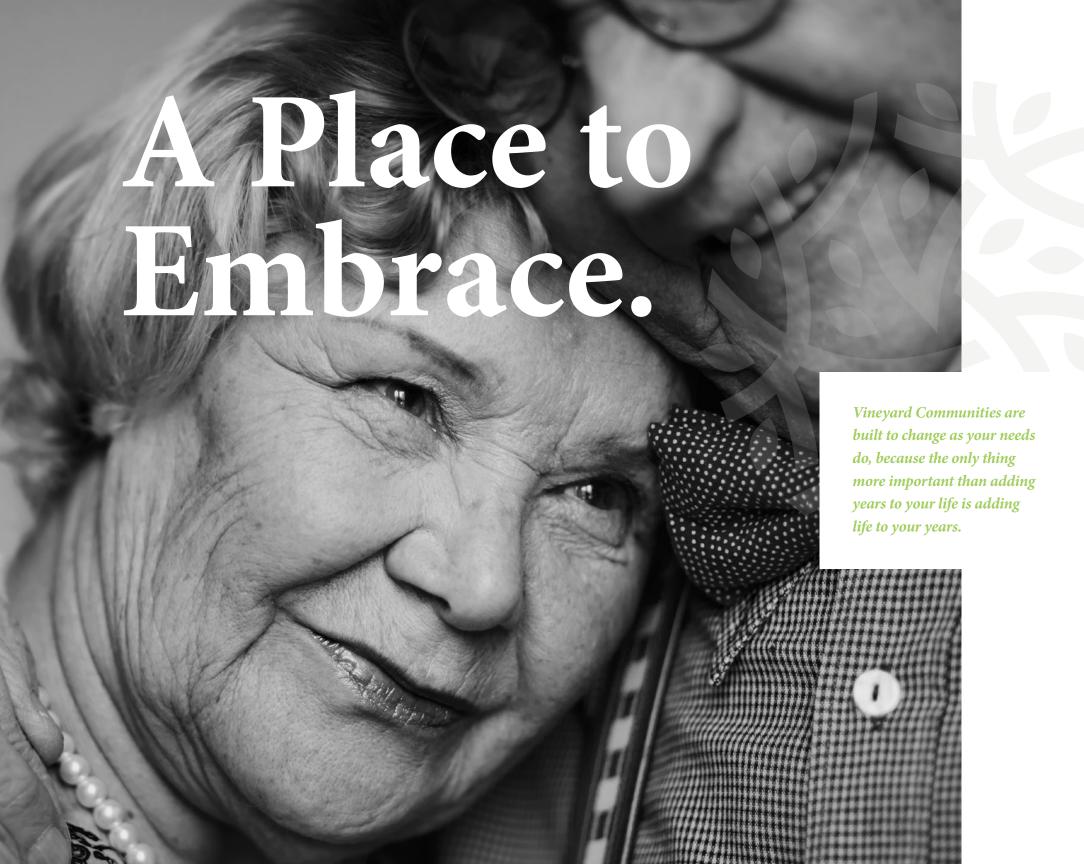

No two people are alike and nor should their care be. Which is why we place focus on caring **about** and not just for our residents at Vineyard. From new hobbies to passions rooted in each person's history, our community brings residents closer to what they care about the most to live **Life**, **your way**.

At Vineyard, our job is to conform to our residents' needs and preferences, never the other way around. That's 'Life, your way.'

**Assisted Living** 

# Nurture is our nature.

You've spent your life enjoying what matters most to you – and you don't have to stop now. Vineyard offers the spaces and services that encompass all the comforts of home – without the extra maintenance. So whether you're looking for a lot of help, a lot of freedom, or a little bit of both, we provide the independence you crave and the care you don't want to be without. And when you're looking for connection, you'll find activities and events that nurture new friends, hobbies and memories.

**Memory Care** 

# Life doesn't have to fade away when memory starts to.

Vineyard's Memory Care Communities marry thoughtfully designed spaces and features with individualized support – leaving your loved ones with more opportunities to renew, recall and relax. From medication management and 24/7 specialized staffing, to wellness-enhanced programs to promote independence and mobility, your loved ones will receive the encouragement and support they need, while providing you with peace of mind.

Ask about our proprietary program, **Cultivate**, designed to enhance the quality of life for individuals living with dementia by recognizing one's uniqueness and need for self-recognition.

# We believe your Jrowon. condition doesn't define you – your spirit does.

# Care. Connection. Community.

At Vineyard, we take the time to learn about everywhere you've been, everything you've done and what it is you're looking for. Which is why we offer the programming you or your loved one needs to nurture the mind, body and soul and to stay connected in a more meaningful way.

**THOUGHTFUL** - We strive to make a positive impact on our living community, the greater community and the people therein, which is why we continually develop initiatives that encourage you or your loved one one to interact and take part.

**HEALTHFUL** - With a more thoughtful approach to care, community, activities and even dining, we continue to evolve our efforts to offer a healthier - and happier - lifestyle.

**RECREATIONAL** - Our wide range of recreational activities and purpose-built amenities provides you or your loved one with the freedom and flexibility to get more out of every day, safely.

VITAL - We believe that a purposeful life starts with physical, spiritual, social and emotional experiences with those around you, and our programs and activities are developed with purpose, for that purpose.

**ENVIRONMENTAL** - We remain committed to a cleaner, greener and more prosperous community both on and off our properties, and invite you or your loved one to join us in leaving everything better than we found it.
